To whom it may concern,

I have used Premier Crew on a number of occasions and can highly recommend Naomi and her team.

From start to finish they show consideration and care to our needs, they worked within budget and produced excellent food.

As we use school premises for our functions it was of great importance that respect was given to the premises and that care was taken when using equipment and that the venue was left as it was found. Premier Crew knew this and absolutely no problems occurred.

For me using Premier Crew takes away any worry regarding catering and event management and I can concentrate on entertaining the guests.

I shall be using Premier Crew again for a highly prestigious ball being held in April 2008.

Yours faithfully

Janette Murphy
